The essential points of reference of this Manual are the principles enunciated in the [SEC Code of Corporate Governance \(CCG\) for Publicly-Listed Companies](#)¹; the Enhanced Corporate Governance Guidelines for the Bangko Sentral ng Pilipinas (BSP) -Supervised Financial Institutions²; the relevant BSP issuances and provisions of the Manual of Regulations for Banks (MORB), as amended; applicable sections of the Revised Corporation Code of the Philippines (R.A. No. 11232); Organisation for Economic Co-operation and Development (OECD) and the ASEAN Corporate Governance Scorecard.

Through this manual, the Board aims to promote adherence, further strengthen the BDO Group's commitment to good corporate governance, and align our corporate governance system with the international best practices considering the continuous developments in national regulations. The Bank's subsidiaries and affiliates (BDO Group) are expected to align with this Manual, as necessary and appropriate, taking into consideration corporate governance codes issued by their respective primary regulators which have oversight / control over them, including but not limited to the Securities and Exchange Commission (SEC) and Insurance Commission.

The Board of Directors (Board), management and staff hereby acknowledge that this Manual will be their guide to principled actions and responsible conduct in fulfilling their respective duties and responsibilities to stockholders and other stakeholders which include, among others, customers,

¹ *SEC Memorandum Circular No. 19* based on the observance of the "comply or explain" principle aiming to illustrate clearly the way in which BDO incorporates the recommendations of the Code. When a particular recommendation is not complied with, the underlying circumstances are explained so that shareholders and other stakeholders would understand the stance of the Bank.

employees, suppliers, financiers, government and community in which the Bank operates. The Manual, in conjunction with the Bank's Articles of Incorporation, By-Laws and the Terms of Reference of the respective Board-level Committees, constitutes the governance framework of the Bank.

II. Corporate Governance Structure

Corporate governance in BDO is about effective oversight, strict compliance with regulations, and sustainable value creation to promote the best interest of its various stakeholders.

Responsibility for good governance lies ultimately with the Board. It is responsible for providing effective leadership and overall direction to foster the long-term success of the Bank. It oversees the business affairs of the Bank, reviews the strategic plans and performance targets, financial plans and budgets, key operational initiatives, capital expenditures, acquisitions and divestments, annual and interim financial statements, and corporate governance practices. It also periodically reviews the Bank's corporate mission and vision and ensures their continuous alignment with the Bank's strategic plans. It oversees management performance, the enterprise risk management, internal control systems, financial reporting and compliance, related party transactions, continuing director education, and succession plans for the Board, the Chief Executive Officer (CEO), and senior management. It considers sustainability issues related to the environment, social, and governance factors as part of its sustainable banking practices.

III. Board Governance Framework

A. Board Charter

The Charter of the Board ("Board Charter") of BDO Unibank, Inc. ("BDO") serves as a guide to BDO's directors in the performance of their functions. It clearly states the roles, responsibilities, structure, and powers of the Board, subject to the provisions of the Revised Corporation Code of the Philippines, BDO's Articles of Incorporation and By-Laws, other applicable laws or regulations, corporate governance best practices and policies of the Board.

The Revised Corporate Governance Manual of BDO already incorporates in great detail the Board Charter. The Manual formally sets out and clearly specifies the roles, responsibilities, structure and powers of the Board, as well as embodies other relevant matters consistent with and in the light of the SEC Code of Corporate Governance for Publicly – Listed Companies.

The BDO Unibank's Board acknowledges that this Manual as it incorporates the Board Charter, is their over-all guide to principled actions and responsible conduct in carrying out their fiduciary duties. ([Recommendation 2.12, SEC CCG](#))

B. Board of Directors

1. Diversified Board Composition

a) Board Diversity

The Bank recognizes that diversity among its directors will foster vital and vibrant discussion and promote balanced decisions by the Board based on the different perspectives of its directors. It views Board level diversity in terms of skills, experience,

gender, sexual orientation, age, religion, education, race, business and other related expertise as an essential element in maintaining an effective board for strong corporate governance.

The Board commits to continually promote and observe diversity in its membership. As a whole, it should possess all of the necessary skills, experience, and functional expertise to oversee the strategic direction of the Bank. In determining the optimum composition of the Board and filling vacancies, the Nominations Committee will consider all aspects of diversity to maintain an appropriate balance of skills, background, experience, and knowledge on the Board.

The Bank also recognizes the important role of women with appropriate and relevant skills and experience that can contribute to the diversity of perspectives in the Board.

The diversity representation of the Board will be part of the annual performance and evaluation of the effectiveness of the board and committees. The Corporate Governance and Sustainability Committee will include this in its report to the Board of the final results of the annual performance evaluation. The Bank's progress in achieving its Board diversity objectives shall also be reported in its Annual Report and disclosed in its corporate website.

The Board Diversity Policy, which also defines the Bank's Board diversity objectives, is attached as ANNEX A. ([Recommendation 1.4, SEC CCG](#))

b) Board Combination

The Board shall be composed of qualified directors with an appropriate mix of competence, expertise, gender, and diverse skills to enable it to perform its roles and responsibilities effectively. The stockholders of the Bank shall elect the members of the Board during the annual meeting. ([Recommendation 1.1, SEC CCG](#))

c) Board Composition

The Board of the Bank shall have eleven (11) members composed of executive and non-executive directors, the latter including independent directors, who shall be owners of at least (1) share of the common stock of the bank (Article V, BDO By-Laws, as amended). To promote robust independent oversight of management, the Board shall consist of at least a majority of non-executive directors, ensuring that a minimum of five (5) directors or up to approximately fifty (50%) percent of the Board, shall be independent directors ([BDO Revised Board Diversity Policy](#)); Sec. 132 (b), MORB). The Board shall be complemented and aided by advisors. ([Recommendation 1.2, SEC CCG](#))

2. Director Orientation and Continuing Education

All new directors joining the Board are required to undergo an orientation program within three (3) months from date of election or appointment. This is intended to familiarize the new directors on their statutory/fiduciary roles and responsibilities in the Board and Committees, the Bank's strategic plans, enterprise risks, group structures, business activities, compliance programs, Code of Conduct and Business Ethics, Personal Trading Policy and Corporate Governance Manual. To maintain a current and effective board, all

directors are also encouraged to participate in continuing education programs at the Bank's expense. First-time directors will undergo the orientation program as prescribed by the BSP and are expected to complete the required annual continuing training. The training programs should cover topics relevant in carrying out their duties and responsibilities as directors. All members of the Board are required to attend the annual corporate governance training. ([Recommendation 1.3, SEC CCG](#))

3. Qualifications and Disqualifications of Directors

The qualifications and disqualifications, whether permanent or temporary, of directors, as well as the effect of non-possession of qualifications or possession of disqualifications/prohibitions, are enumerated and discussed, respectively, in **ANNEX B** hereof.

Aside from the qualifications required by relevant regulations, a director must:

- a. Have a practical understanding of the business of the Bank; and
- b. As applicable, be a member of good standing in the relevant industry, business, or professional organizations.

4. Interlocking Positions / Multiple Board Seats

The Bank has a policy which establishes the framework for handling interlocking positions of its directors, in compliance with BSP's MORB. Interlocking positions shall only be allowed under the following conditions:

- a. Interlocking position does not pose conflict of interest for the director; and;
- b. The director holding interlocking positions will still be able to devote sufficient time and attention to effectively carry out his/her duties and responsibilities in the Bank.

Independent and Non- Executive Directors may concurrently serve on the Boards of other companies as directors, provided it will not exceed a maximum of five (5) publicly list companies (PLCs), including PLCs within the BDO Group and SM Conglomerate. This limit does not apply to Executive Directors. Provided further that the capacity of a director to devote quality time and attention in performing his duties and responsibilities is not compromised ([Recommendation 4.2 and 4.3, SEC CCG](#)).

Approval from the appropriate authority designated in BDO's Interlocking Policy shall be obtained as applicable prior to acceptance by directors of interlocking directorship/officership positions in other entities. The Nominations Committee shall be the delegated approving authority for director-director and director-officer interlocks.

C. Powers, Duties, Functions and Responsibility of the Board and its Directors

1. Powers/Corporate Powers of the Board

The corporate powers of the Bank shall be exercised, its business conducted, and all its resources controlled through its Board. The powers of the Board as conferred by law are original and cannot be revoked by the stockholders.

2. Fiduciary Duty

The Board acts on behalf of the Bank and as such, it is vested with the fiduciary duties of loyalty and care for which Board members should act on a fully informed basis, in good faith, with due diligence, and in the best interest of the Bank and all shareholders ([Recommendation 2.1, SEC CCG](#)). The Board is accountable to shareholders and relevant stakeholders and is responsible for protecting and generating sustainable value over the long term.

3. Key Functions

The Board shall fulfill certain functions, including the following:

- a. Review and guide corporate strategy, risk management policies and procedures, annual budgets and business plan, and monitor their implementation;
- b. Sets financial objectives, monitors implementation and corporate performance; and
- c. Approves issuance of capital stocks, distribution of dividends, strategic plans, major capital expenditures, acquisitions, equity investment, fixed assets, mergers, joint ventures, divestments, and significant related party transactions. ([Recommendation 2.2, SEC CCG](#))

4. Responsibilities

The Board is collectively responsible for the sustainable long-term shareholder value of the institution to sustain its competitiveness, profitability, and industry position in a manner consistent with its corporate objectives.

It leads in establishing the tone and practices of good corporate governance at the top. It sets the BDO Group's corporate values and high ethical standards of business conduct for itself and all members of the Group. Through its oversight, monitoring and review functions, the Board ensures that the Group is run in a sound and prudent manner on a going concern basis in order to fulfill its obligations to shareholders while upholding and protecting the interests of different constituencies. To this end, the Board exercises the following responsibilities:

a) Selection, Nomination and Election of the Board Members

The Nominations Committee is tasked to undertake the process of identifying the qualifications of directors aligned with the company's strategic direction. In evaluating the suitability of the candidate to the Board and promoting diversity in the composition of the Board, the Nominations Committee should take into account the relevant qualifications of every candidate nominated for election such as among others, physical/mental fitness, relevant educational and professional background, personal track record, experience/training, commitment to contribute, willingness to serve and interest to remain engaged and involved without undue prejudice to race, gender, ethnic origin, religion, age or sexual orientation.

Consistent with applicable banking regulations, including Section 7 of Republic Act No. 7721, the Bank recognizes that non-Filipino citizens may be considered for election to the Board of Directors, provided that their representation aligns with the extent of foreign equity participation in the Bank.

To promote a diverse mix of backgrounds and competencies in the Board, the Nominations Committee shall consider the board's diversity objectives embodied in the Bank's Diversity Policy.

For re-election of incumbent directors, the Nominations Committee should also consider the results of the most recent self-assessment of the Board and peer evaluation, director's attendance record in meetings, participation in Board activities, and overall contribution to the functioning of the Board. The Nomination Committee will use, to the extent possible, external search firm or external databases, in selecting the pool of candidates for the members of the Board.

Any stockholder has the right to nominate candidates for seats in the Board who possess all the qualifications and none of the disqualifications of Directors as prescribed in the Bank's By-Laws and the rules of the BSP and SEC. Election/appointment of directors shall be subject to the confirmation by the Monetary Board. The process of nominating a person to the directorship position during the Annual Stockholders' Meeting is discussed in the Information Statement (SEC Form 20-IS) filed and disclosed to the SEC and sent to the shareholders and/or posted on the website and the Philippine Stock Exchange (PSE). The registration process to participate and vote during the Annual Stockholders' Meeting is provided in the Notice of Annual Stockholders' Meeting. Any succeeding resignation, retirement, or replacement of directors shall be reported to the appropriate department of the BSP Financial Supervisory Sector (FSS) within twenty (20) banking days after such resignation/retirement/replacement.

b) Management and Succession Planning

The Board, in coordination with the Corporate Governance and Sustainability Committee, shall ensure that the Bank has in place an appropriate and updated Succession Planning Framework for key executives and senior management positions to address extraordinary circumstances and ensure continuity of operations. ([Recommendation 2.4, SEC CCG](#))

The Board shall periodically review the Framework to ensure its continued relevance and alignment with the Bank's strategic objectives. It shall ensure that critical roles and potential successors, and development plans are identified, guided by principles of meritocracy, diversity, and organizational stability. The Corporate Governance and Sustainability Committee shall support the Board in overseeing the implementation of the Succession Planning Framework and may provide updates as necessary during its regular governance oversight.

On the retirement age of directors, however, the Board recognizes the fact that chronological age is not the main factor in determining the director's effectiveness in discharging his/her duties and responsibilities. Otherwise, the Board will lose valuable wisdom from the senior directors. By law, once directors are elected by shareholders,

they cannot be removed solely on the basis of age. Hence, the Board decided to hold in abeyance the implementation of the retirement age policy for directors.

c) Remuneration and Other Incentives of Directors and Senior Management

The levels of remuneration of the Bank shall be sufficient to attract and retain experienced professional directors and officers needed to run the Bank successfully. The Board shall approve a remuneration as well as other incentives policy that is appropriate and consistent with the Bank's operating and risk culture, long-term business and risk appetite, performance, and control environment. Said policy shall cover all employees and should be designed to encourage good performance that supports the long-term interest of the Bank and its stakeholders. It shall be aligned with prudent risk taking and explicitly discourage excessive risk taking as defined by internal policies. The Compensation Committee shall monitor and review the remuneration and other incentives of policy including plans, processes and outcomes, at least annually, to ensure that it operates and achieves the objectives as intended.

The Bank shall consider the following in the design of the remuneration and other incentives policy:

1. The remuneration and incentives package shall take into account the employee's position, role, responsibilities, and activities in the Bank. It shall also consider the risks that the employee takes on behalf of the Bank. In this regard, it should be sensitive to prospective risks and risk outcomes that have been realized and consider the overall performance of the Bank.
2. Remuneration and incentive pay-out schedule should be sensitive to the time-horizon of risk. The policy may include provisions that defer payment until risk outcomes are better known or provisions under which remuneration and incentives may be reduced or reversed if new facts emerge showing that the remuneration and incentives paid were based on erroneous assumptions, such as misreporting or if it is discovered that the employee has failed to comply with internal policies or legal requirements.
3. Remuneration of employees in risk control functions (i.e., Internal Audit, Compliance, and Risk Management functions) shall be based on the achievement of their objectives and shall be independent of the business lines which they oversee.
4. The remuneration as well as other incentives policy for directors should be consistent with the long-term interest of the Bank, does not encourage excessive risk-taking, and is not in conflict with the director's fiduciary responsibilities. It shall be submitted for the approval of the stockholders.

The Bank's annual reports and information statements shall include a clear, concise and understandable disclosure of all plan and non-plan compensation awarded to, earned by, paid to, or estimated to be paid to, directly or indirectly to all individuals serving as the CEO or acting in a similar capacity during the last completed fiscal year, and the Bank's four (4) most highly compensated executive officers other than the CEO who were serving as executive officers at the end of the last completed year. ([Recommendation 2.5, SEC CCG](#))

d) Board Effectiveness Evaluation

The Board, through the Corporate Governance and Sustainability Committee, shall facilitate and/or coordinate a yearly self-assessment focusing on the performance of the Board, directors, Board Committees, and senior management, in supporting the Board. The assessment may be facilitated by an external and independent firm endorsed by the Corporate Governance and Sustainability Committee and appointed by the Board every three years or more frequently, as needed. The criteria used in the evaluation and the results shall be independently validated, assessed, and disclosed in the Annual Report.

e) Selection of Executive Management Team and Annual Performance Evaluation

It is the responsibility of the Board to approve the selection and appointment of a competent executive management led by the President/CEO including the heads of control functions i.e., Chief Compliance Officer, Chief Risk Officer and Chief Audit Executive. Fit and proper standards must be applied in the selection process of key officers, and due consideration must be given to their integrity, technical expertise and banking industry experience. The Board, through the Corporate Governance and Sustainability Committee, shall undertake the evaluation of the Executive Management team performance including the President/CEO based on established performance management framework and standards that are consistent with the Bank's strategic objectives. ([Recommendation 2.8 and 2.9, SEC CCG](#))

The qualifications and disqualifications, whether permanent or temporary, of officers, as well as the effect of non-possession of qualifications or possession of disqualifications/prohibitions and list of persons disqualified to become officers, are enumerated and discussed, respectively, in **ANNEX B** hereof.

f) Internal Control and Risk Management

It is the responsibility of the Board to oversee that a sound and effective enterprise-wide risk management framework and appropriate internal control systems are in place to manage the risks and to provide reasonable assurance against material misstatement or loss. It is also responsible to review and approve the nature and extent of the key business risks that the Bank is taking in pursuing its strategic objectives and providing oversight over its risk management policies and procedures and approving the Internal Audit Charter. ([Recommendation 2.10 and 2.11, SEC CCG](#))

g) Related Party Transactions

The Bank has established policies and procedures on related party transactions (RPT) in accordance with the BSP and SEC regulations. These include definition of related parties, coverage of RPT policy, guidelines in ensuring arm's-length terms, identification and prevention or management of potential or actual conflicts of interest which arise from RPTs, adoption of materiality thresholds, internal limits for individual and aggregate exposures, whistle-blowing mechanisms, and restitution of losses and other remedies for abusive RPTs. The RPT Committee reviews, approves and endorses to the Board for final approval of all material RPTs.

Material Related Party Transactions (RPT), whose value exceeds 10% of the BDO Unibank Group's total assets resources based on the latest audited consolidated financial statements, either singly or aggregated within a 12-month period, with the same related party, shall require review of an external independent party appointed by the BOD. The approval of two-thirds vote of the Board, with at least a majority of the independent directors voting affirmatively shall be obtained prior to the execution of the material RPT. In case that majority of the independent directors' vote is not secured, the material related party transaction may be ratified by the vote of the stockholders representing at least two-thirds of the outstanding capital stock. ([SEC Memorandum Circular No. 10, Series of 2019](#))

The Related Party Transactions policy applies to BDO Unibank, Inc., its subsidiaries and affiliates, as appropriate, to ensure that every related party transaction is conducted in a manner that will protect the Bank from any conflict of interest which may arise between the Bank and its Related Parties. The policy also covers the proper review, approval, ratification, and disclosure of transactions between the Bank and any of its related party/ies in compliance with legal and regulatory requirements. The policy likewise requires any member of the RPT Committee who has a potential interest in any related party transaction to abstain from the discussion and endorsement of the related party transaction. Similarly, any member of the Board who has an interest in the transaction must abstain from the deliberation and approval of any related party transaction.

The Bank's Revised Related Party Transactions Policy is attached as **ANNEX C**. ([Recommendation 2.7, 5.6 and 8.5, SEC CCG](#))

 - e. The Board shall ensure that its individual members and shareholders are accurately and timely informed of a comprehensive and understandable assessment of the Bank's performance, financial condition, and risk exposures. All Board members shall always have reasonable access to any information about the Bank. The Board shall also ensure that adequate and appropriate information flows internally and to the public.

PROCEDURE

1. Referral to ADR System

The Head of the BDO Unit (BDO Unit Head) involved in the Dispute shall, in consultation with the Legal Services Group (LSG) and taking into account all relevant factors, assess and evaluate a Dispute and determine whether the same is proper for ADR process.

To aid in this determination, the BDO Unit concerned shall submit to the BDO Unit Head a memorandum describing the nature of the Dispute and the facts and issues involved.

The Assigned Unit/Officer shall submit to Management a report on the conduct and outcome of the negotiations.

3. Mediation

In the event that no settlement is reached after negotiations, the BDO Unit Head shall, in consultation with LSG and taking into account all relevant factors, determine whether the Dispute is proper for mediation. Mediation is "a voluntary process in which a mediator, selected by the disputing parties, facilitates communication and negotiation, and assists the parties in reaching a voluntary agreement regarding a dispute."

The Assigned Unit/Officer shall submit to Management a report on the conduct and outcome of the mediation.

4. Arbitration

In the event that no settlement is reached after mediation, the concerned BDO Unit Head shall, in consultation with LSG and taking into account all relevant factors, determine whether the Dispute is proper for arbitration.
