OTHER DISCLOSURES

RISK FACTORS RELATED TO THE TARGET FUND

The following are the principal risks of investing in the Target Fund:

General Risk. The performance of the Target Fund will depend on the performance of its underlying investments.

Equity Risk. The values of equities fluctuate daily and a Fund investing in equities could incur significant losses.

Index-Related Risks. During a period where a Benchmark Index contains incorrect constituents, the Target Fund tracking such published Benchmark Index would have market exposure to such constituents. As such, errors may potentially result in negative or positive performance impact to the Target Fund and by extension, impact its shareholders.

Tracking Error/Investment Risks. There is no guarantee that the Target Fund will achieve perfect matching of the Benchmark Index performance and the Target Fund may potentially be subject to tracking error risk, which is the risk that its returns may not match exactly that of the Benchmark Index, from time to time.

Counterparty Risk. The Target Fund will be exposed to the credit risk of the counterparties with which it transacts and may also bear the risk of settlement default.

Tax Considerations. The Target Fund may be subject to withholding or other taxes on income and/or gains arising from its investment portfolio.

Currency Risk. The Target Fund may invest in assets denominated in a currency other than the Base Currency of the Target Fund. Changes in exchange rates between the Base Currency and the currency in which the assets are denominated will cause the value of the asset expressed in the Base Currency to fall or rise.

Global Financial Market Crisis and Governmental Intervention. It is impossible to predict with certainty what additional interim or permanent governmental restrictions may be imposed on the markets and/or the effect of such restrictions on the Investment Manager's ability to implement the Target Fund's investment objectives.

Emerging Markets. Emerging markets are typically those of poorer or less developed countries which exhibit lower levels of economic and/or capital market development, and higher levels of share price and currency volatility.

Other Risks. The Target Fund may be exposed to risks that are outside of its control. For example 1) Legal risks from investments in countries with changing laws; 2) Risk of terrorist actions; 3) Risks that economic and diplomatic sanctions may be in place or imposed on certain states and military action may be commenced. The impact of such events is unclear, but could have a material effect on general economic conditions and market liquidity.

SWITCHING OF THE TARGET FUNDS

♦The Trustee shall have the authority to switch Target Fund in the event of a material change in the Target Fund and as the circumstances warrant including reasons such as: 1) Change in the objective, investment style or risk profile of the current Target Fund; 2) Resignation of fund managers or portfolio management team of the Target Fund; 3) Closure of the Target Fund or its maximum AUM capacity has been reached; 4) Prolonged suspension of subscription/redemption to/from the Target Fund; 5) Change in the Target Fund's fees that will significantly affect the total expense ratio of the Fund; 6) Regulatory change in the jurisdiction where the Target Fund is domiciled that would significantly affect the Target Fund's operations; 7) Significant legal disputes; 8) Market Conditions which, in the reasonable opinion of the Trustee, warrant a change in Target Fund; 9) Investment by the Target Fund in another collective investment scheme; 10) as well as when, in the opinion of the Trustee, the Target Fund has been consistently underperforming vis-a-vis expectations. In case of such switching, the Trustee shall notify the Participants by way of direct written notice and through the form of notices such as: 1) electronic mail; 2) notices posted in the premises of the Trustee and its branches; 3) notification in the Trustee's website. Such notice shall include the ground for the switching as well as the estimated costs to be incurred by the Fund for the switching.

♦Switching of a target fund due to a change in the Target Fund's investment objectives shall be accompanied by a change in the Fund's Declaration of Trust (DOT). No change shall be implemented within thirty (30) calendar days from the initial notification. The switching of the Target Fund will be conducted with due diligence and with the approval of the Trust Committee.

Cooling-Off Period – Subject to the exemptions under BSP regulations, a Participant/Trustor shall be entitled to cancel his/its initial subscription, without penalty, upon formal notice to the Trustee within a period of two (2) banking days immediately following the signing of the Omnibus Participating Trust Agreement of BDO UITFs. However, the Participant/Trustor shall bear the payment of all costs, expenses and early redemption fees arising from such termination, if any. If a Participant/Trustor wishes to exercise his/its rights under this provision, the Participant/Trustor should immediately call/send an email to/visit his/its assigned Trust Marketing Officer or the Branch Manager/ Marketing Officer of the Participant's/Trustor's BDO Servicing Branch.
