#### INVESTMENT OBJECTIVE AND STRATEGY

The Fund aims to preserve capital and generate income from low-risk fixed income securities. The Fund's benchmark is the 1 year rolling Peso Time Deposit average.

#### CLIENT SUITABILITY

A client profiling process should be performed prior to participating in the Fund to guide the prospective investor if the Fund is suited to his/her investment objectives and risk tolerance. Clients are advised to read the Declaration of Trust/Plan Rules of the Fund, which may be obtained from the Trustee, before deciding to invest.

♦The BDO Peso Money Market Fund is primarily suitable for: (Retail Class) Individual and corporate investors with moderate risk appetite and who are looking for safe and liquid investments with yields relatively higher than those of savings and time deposit accounts; (ICRF Class) Existing investment management (IMA) or trust and other fiduciary accounts (TA) with the Trustee or its subsidiaries.

♦Participants/trustors are recommended to stay invested in the Fund for at least six (6) months.

#### KEY RISKS AND RISK MANAGEMENT

You should not invest in this Fund if you do not understand or are not comfortable with the accompanying risks.

**Interest Rate Risk.** This is the possibility for an investor to experience losses due to changes in interest rates. The purchase and sale of a debt instrument may result in profit or loss because the value of a debt instrument changes inversely with prevailing interest rates.

**Market/Price Risk.** This is the possibility for an investor to experience losses due to changes in market prices of securities. It is the exposure to the uncertain market value of a portfolio due to price fluctuations.

**Credit Risk/Default Risk.** This is the possibility for an investor to experience losses due to a borrower's failure to pay the principal and/or interest in a timely manner on instruments such as bonds, loans, or other forms of security, which the borrower issued.

**Reinvestment Risk.** This is the risk associated with the possibility of having lower returns or earnings when maturing funds or the interest earnings of funds are reinvested.

The Fund employs a risk management policy based on modified duration. Modified duration measures the sensitivity of bond prices to interest rate movements. As interest rates rise, bond prices fall. The higher the duration, the more the NAVPU will fluctuate in relation to changes in interest rates. All the Fund's investment outlets undergo evaluation in accordance with the Trustee's Investment Policy Manual. Regulatory exposure limits are monitored on a regular basis. The Fund may also use financial derivative instruments solely for the purpose of hedging risk exposures.

♦THE UIT FUND IS A TRUST PRODUCT AND NOT A DEPOSIT ACCOUNT, AND IS NOT INSURED BY THE PHILIPPINE DEPOSIT INSURANCE CORPORATION (PDIC).

♦RETURNS CANNOT BE GUARANTEED AND HISTORICAL NAVPU IS FOR ILLUSTRATION OF NAVPU MOVEMENTS/FLUCTUATIONS ONLY.

♦WHEN REDEEMING, THE PROCEEDS MAY BE WORTH LESS THAN THE ORIGINAL INVESTMENT AND ANY LOSSES WILL BE SOLELY FOR THE ACCOUNT OF THE CLIENT.

♦THE TRUSTEE IS NOT LIABLE FOR ANY LOSS UNLESS UPON WILLFUL DEFAULT, BAD FAITH OR GROSS NEGLIGENCE.

## OUTLOOK AND STRATEGY

The Philippine CPI for December 2025 printed at 1.8%. Although still within the BSP range of 2-4%, the print was higher than the market consensus at 1.4% and previous month's report at 1.5%. Moreover, PH 4Q25 GDP printed at 3.0%, dragging the FY25 GDP at 4.50%, which is well below the government's target. The BSP Policy Rate ended at 4.50% for 2025, 125bps lower YoY. Given this, the market expects the BSP to deliver its final rate cut bringing the policy rate to 4.25%. As the fund continues to take advantage of elevated interest rates, majority of the fund's investments are in short-term bank time deposits, followed by short-tenor government securities, Treasury Bills, and with small exposure in corporate bonds. The fund's duration as of end-December remains within its mandate at 0.34 years.

## INVESTMENT POLICY / PROSPECTIVE INVESTMENTS

The Fund may invest in deposits in the trustee's bank or in other banks, securities issued or guaranteed by the Philippine Government or the BSP, tradable securities issued by any supranational entity and exchange-listed fixed income securities. Subject to BSP guidelines and the Trustee's Trust Committee approval, the Fund may also avail of financial derivative instruments solely for the purpose of hedging risk exposures, as well as invest in other tradable investment outlets/categories as may be deemed suitable for the Fund.
