INVESTMENT OBJECTIVE AND STRATEGY

The Fund aims to preserve capital and generate income from low-risk fixed income securities. The Fund's benchmark is the 1 year rolling Peso average.

CLIENT SUITABILITY

A client profiling process should be performed prior to participating in the Fund to guide the prospective investor if the Fund is suited to his/her investment objectives and risk tolerance. Clients are advised to read the Declaration of Trust/Plan Rules of the Fund, which may be obtained from the Trustee, before deciding to invest.

♦The BDO Peso Money Market Fund is primarily suitable for: (Retail Class) Individual and corporate investors with moderate risk appetite and who are looking for safe and liquid investments with yields relatively higher than those of savings and time deposit accounts; (ICRF Class) Existing investment management (IMA) or trust and other fiduciary accounts (TA) with the Trustee or its subsidiaries.

♦Participants/trustors are recommended to stay invested in the Fund for at least six (6) months.

KEY RISKS AND RISK MANAGEMENT

You should not invest in this Fund if you do not understand or are not comfortable with the accompanying risks.

Interest Rate Risk. This is the possibility for an investor to experience losses due to changes in interest rates. The purchase and sale of a debt instrument may result in profit or loss because the value of a debt instrument changes inversely with prevailing interest rates.

Market/Price Risk. This is the possibility for an investor to experience losses due to changes in market prices of securities. It is the exposure to the uncertain market value of a portfolio due to price fluctuations.

Credit Risk/Default Risk. This is the possibility for an investor to experience losses due to a borrower's failure to pay the principal and/or interest in a timely manner on instruments such as bonds, loans, or other forms of security, which the borrower issued.

Reinvestment Risk. This is the risk associated with the possibility of having lower returns or earnings when maturing funds or the interest earnings of funds are reinvested.

The Fund employs a risk management policy based on modified duration. Modified duration measures the sensitivity of bond prices to interest rate movements. As interest rates rise, bond prices fall. The higher the duration, the more the NAVPU will fluctuate in relation to changes in interest rates. All the Fund's investment outlets undergo evaluation in accordance with the Trustee's Investment Policy Manual. Regulatory exposure limits are monitored on a regular basis. The Fund may also use financial derivative instruments solely for the purpose of hedging risk exposures.

♦THE UIT FUND IS A TRUST PRODUCT AND NOT A DEPOSIT ACCOUNT, AND IS NOT INSURED BY THE PHILIPPINE DEPOSIT INSURANCE CORPORATION (PDIC).

♦RETURNS CANNOT BE GUARANTEED AND HISTORICAL NAVPU IS FOR ILLUSTRATION OF NAVPU MOVEMENTS/FLUCTUATIONS ONLY.

♦WHEN REDEEMING, THE PROCEEDS MAY BE WORTH LESS THAN THE ORIGINAL INVESTMENT AND ANY LOSSES WILL BE SOLELY FOR THE ACCOUNT OF THE CLIENT.

♦THE TRUSTEE IS NOT LIABLE FOR ANY LOSS UNLESS UPON WILLFUL DEFAULT, BAD FAITH OR GROSS NEGLIGENCE.

OUTLOOK AND STRATEGY

The Philippine headline inflation continues to slow down in August as it printed at 3.3%, lower than the market consensus at 3.60% and previous month's 4.40%. With inflation back within the BSP's target range of 2% - 4%, this gives room for BSP to continue to cut rates in its upcoming meetings for the year. The fund continues to take advantage of elevated interest rates. Majority of the fund's investments are in BSP Bills with small exposures in time deposits, short-tenor government securities and corporate bonds. The fund's duration as of end-September remains within its mandate at 0.11 years.

INVESTMENT POLICY / PROSPECTIVE INVESTMENTS

The Fund may invest in deposits in the trustee's bank or in other banks, securities issued or guaranteed by the Philippine Government or the BSP, tradable securities issued by any supranational entity and exchange-listed fixed income securities. Subject to BSP guidelines and the Trustee's Trust Committee approval, the Fund may also avail of financial derivative instruments solely for the purpose of hedging risk exposures, as well as invest in other tradable investment outlets/categories as may be deemed suitable for the Fund.

NOTICE TO THE PARTICIPANTS OF BDO PESO MONEY MARKET FUND

May 6, 2024

Subject: Conversion of BDO Peso Money Market Fund to a Multi-Class Fund

Dear Valued Investor,

In line with BDO Trust's continuing efforts to provide a distinctive array of Unit Investment Trust Funds (UITFs) responsive to our clients' needs, we would like to inform you that we shall be converting the BDO Peso Money Market Fund (the "Fund") to a multi-class fund effective **June 21, 2024** ("effectivity date").

A multi-class fund is a UITF structure which has more than one class of units in the fund. It is invested in the same pool of securities and managed with the same investment objectives and policies. Each unit class of a multi-class fund may have differentiated features per unit class, such as eligible investors, minimum investment amounts, trust fee rates, etc.

The BDO Peso Money Market Fund, upon its conversion to a multi-class UITF, shall be composed of two (2) unit classes, namely: (1) Retail Unit Class (R); and (2) ICRF Unit Class (I). As an existing participant of BDO Peso Money Market Fund, your investments in the Fund shall automatically be classified as investments in the Fund's Retail Unit Class (R) on effectivity date. The key features of the Fund such as minimum investment amounts, trust fee rate, dealing cut-off time and redemption settlement schedule shall remain the same. On the other hand, ICRF Unit Class (I) shall initially be open to participants of BDO Institutional Cash Reserve Fund, which shall be consolidated into the Fund on the same date. Please refer to *Annex A* for the comparative key features of the BDO Peso Money Market Fund and the BDO Peso Money Market Fund (Multi-Class UITF).

The conversion to a multi-class fund is deemed to provide better value to investors due to economies of scale. Please note that this change poses no effect on the investment strategy of the Fund. The Fund will continue to be managed within its current investment objective and policies, which is to preserve capital and generate income from low risk fixed income securities.

We advise you to evaluate this change carefully. If the Fund remains suitable to your investment profile, there is no need for you to do anything. Your decision to remain invested in the Fund will be deemed as your conformity with the relevant amendments related to the Fund's conversion to a multi-class fund. If this is not the case or you are not amenable with the above, you may redeem your UITF investments and/or unsubscribe from your Easy Investment Plan (EIP) in BDO Peso

Money Market Fund before **June 21, 2024** without non-completion fees, as applicable to EIP. You may also get in touch with your Trust Marketing Officer and/or UITF servicing branch to discuss other BDO UITFs/investment products that may better match your requirements.
