

Study Secure

Get guaranteed education stipends and life insurance protection for your child

bdo.com.ph/bdolife

We protect®

Study Secure

Getting a good education is what every parent wants for their children. BDO Life helps ensure that your children finish their studies no matter what happens to you.

KEY FEATURES

Increasing life insurance protection for your child

Guaranteed Education Stipends for your child

Academic Excellence Award if your child graduates with honors

Contingent Allowance Benefit in case you (the Payor) pass on or become disabled

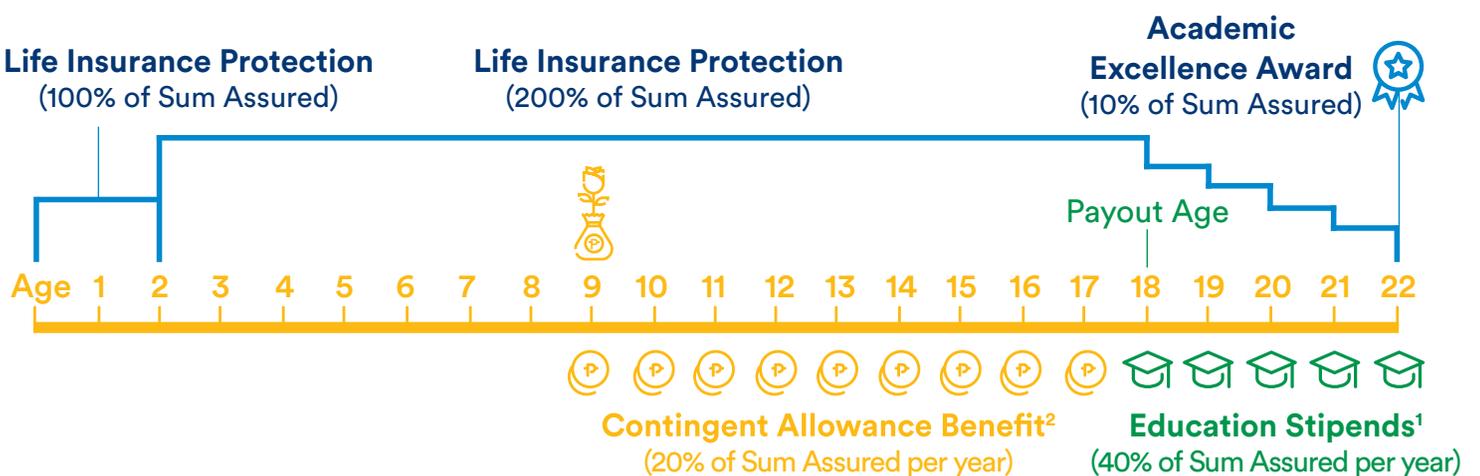

Flexible premium payment options of 5 or 10 years

Option to enhance plan through the Variable Life Insurance Rider

HOW IT WORKS

The illustration above assumes the child is 6 months old with an Education Stipend Benefit Payout Age of 18. Assuming the Payor passes away when the child is 9 years old, all future premium payments will be waived and the following will be paid out as scheduled: (1) the Contingent Allowance Benefit; (2) the Education Stipends, and (3) the Academic Excellence Award (if applicable).

Notes

- ¹ The Education Stipends provide an annual cash payout equal to 40% of the Sum Assured. Each payout reduces the life insurance protection benefit by 40% per year.
- ² A Contingent Allowance Benefit, equal to 20% of the Sum Assured per year, is paid out to the Payor upon the Payor's total and permanent disability, or to the Insured upon the Payor's death. This will be paid beginning on the policy anniversary following the death or total disability of the Payor until the year before the Education Stipend payout.

Things to remember

- Study Secure is available in both PHP and USD values.
- Enjoy flexibility by choosing your plan's Payout Age. This allows you to determine when your child will start receiving the Education Stipends.
- Scheduled Education Stipends and Academic Excellence Award for graduates with honors shall continue even if the Payor passes away or becomes totally disabled.
- Enhance your plan with the Variable Life Insurance (VLI) Rider. Talk to your FA to learn more about how the VLI Rider can boost both the savings and protection components of your plan.
