HOW IT WORKS

Notes

- ¹ Should you pass away while your plan is active, your beneficiaries will either receive the guaranteed life insurance protection or your plan's fund value, whichever is higher.
- ² Your policy comes with an investment component that earns potentially higher returns based on market performance. Fund values are not guaranteed.
- ³ The plan provides a non-guaranteed Loyalty Bonus on the 8th policy anniversary and every 5 years thereafter, subject to qualifying conditions.

Things to remember

- BDO Life's Wealth Secure is an efficient estate planning tool that can be used to grow, protect, or transfer assets.
- The plan is available in both PHP and USD values.
- You have the option to withdraw your funds at any time but this may be more or less than premiums paid. The death benefit is also reduced at each withdrawal.
- Upon full withdrawal, your plan terminates and your insurance protection ceases.
- Talk to your Financial Advisor on how you can enhance your plan with Riders. (Not applicable under GAE provisions)

*Under GAE provisions, no medical examinations are required. Only deaths due to accidents are covered during the first two years. If death is due to natural causes during the first two years, beneficiaries will receive the fund value plus a return of all insurance charges collected.
