

BDO Remit, remittance partners join OFW investment exhibit in UAE

BDO Remit and two of its biggest remittance partners in the United Arab Emirates (UAE) – Emirates NBD and UAE Exchange – joined the Philippine Properties and Investments Exhibit (PPIE) at the Marriott Hotel in Deira, Dubai last September 23 to 24, 2016. The event, which has drawn hundreds of Filipinos each year since 2013, is known to be the largest international Philippine property exhibition in the UAE.

The huge turnout of attendees in the yearly event is proof that Filipinos overseas have become wiser in managing their finances by making wise investments. The event served as an avenue for BDO Remit, Emirates NBD and UAE Exchange to promote their fast, reliable and convenient remittance services as well as the importance of savings and investment.

Emirates NBD, one of the largest UAE banks, offers DirectRemit service, which allows its account holders to remit funds straight from their account to BDO Kabayan Savings Accounts in just 60 seconds for free. Customers can enjoy the quick and reliable service at the comfort of their home or office. Global remittance company UAE Exchange meanwhile offers real-time sending of remittances through their physical branches across the UAE, with branches also located in other countries.
