BDO STATEMENT

BDO has obtained reports of potentially compromised ATMs following reported losses from cardholders. Customers with unauthorized transactions may reach out to the bank via formal channels so that their cases may be properly investigated and, where confirmed as impacted, may be reimbursed. BDO would like to reassure the public that it exerts all efforts to protect its cardholders and their transactions.

This is nothing out of the ordinary. ATMs are compromised every now and then, and banks take the precautionary measure of disabling cards if we have reason to believe they may have been compromised.
