

BDO's remittance service now available in 3 more locations

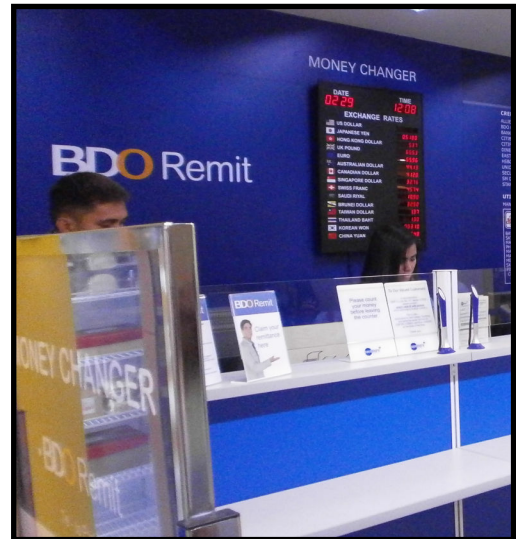

BDO is making it easier for OFW families to claim the remittance sent by their loved ones abroad safely and conveniently as three more BDO Remit Counters opened recently in SM Olongapo City; Savemore Insular Square in Basak, Cebu; and Savemore Nova Plaza Mall in Novaliches City. Now, BDO Remit has a total of 4,747 payout locations nationwide.

OFW families appreciate the kind of services BDO is giving them.

“Gusto ko sa BDO kasi seven days a week open sila. Mas madali mag-claim ng remittance ‘pag halimbawa nagka-emergency kahit weekend,” Teresa Musni, who has been a BDO client for seven years and whose husband works as a seaman in a world cruise ship, said.

Joseph Ibo, on the other hand, likes the fast remittance service that BDO has. He works as a Carnival Cruise Line waiter in the US, and sends remittance to his fiancée every second week of the month. *“Client na ako ng BDO since 2003. Sa BDO, mas mabilis, walang delay,”* he said.

BDO is continuously expanding its remittance network to make sure its products and services are always available to the growing remittance clients.

BDO Remit Counters inside Savemore Nova Plaza Mall allow beneficiaries to claim remittance, pay bills and buy necessities under one roof.

Joseph Ibo has been a satisfied BDO client since 2003.
