EASING THE WAY TO A NEW LIFE IN CANADA

Leaving your home country to start a new life in a foreign land is a daunting and overwhelming experience. From culture to climate, there are many obstacles that overseas Filipino workers (OFWs) need to overcome to make the adjustment to their new life as seamless as possible. Luckily, help isn’t far away. BDO has always been a staunch supporter of various programs and organizations that promote the overall welfare of OFWs. Partnering with Multicultural Helping House Society, or MHHS, BDO is able to help provide pre-departure services to all Pinoys bound for Canada such as orientations, training, Financial Literacy seminars and other programs. As a non-profit organization dedicated to serving the needs of newcomers in Canada, MHHS is fully recognized and supported by the Canadian government and continues to help hundreds of OFWs adjust to their new careers. BDO has also donated an office that serves as the main center of operations in the Philippines, where the pre-employment seminars are held. This, together with other project initiatives for OFWs, solidifies BDO’s commitment to ensuring a better life for Filipinos and OFWs in the country and all over the world.
